## MERCHANT PROFILE AFTER:

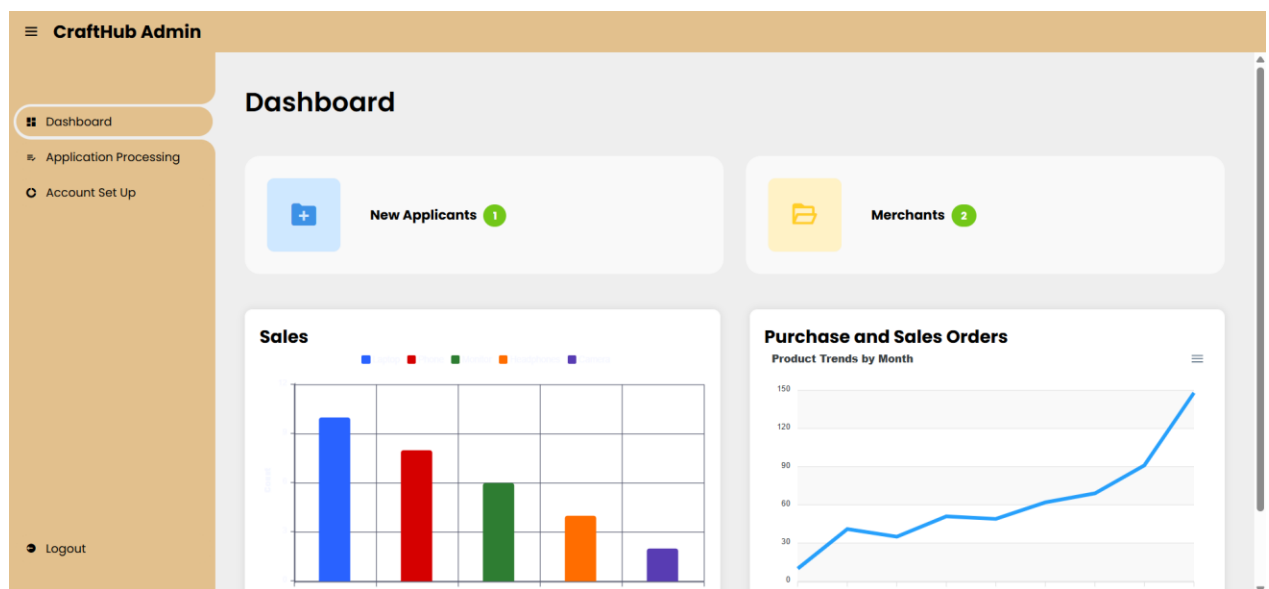

**NOTE:** Binalik ko nalang sa dati, walang ibang bagay na color sa brown, white lang talaga para mukhang malinis tsaka binabaan ko nalang opacity para mag blend in sa linear gradient, pag solid white masyadong strong.

- Tinanggal ko na Filter Tags para di mahirap sa back-end, bale tinira ko nalang search bar.

The screenshot shows the 'CraftHub Admin' interface. On the left is a sidebar with a menu containing 'Dashboard', 'Application Processing' (highlighted), and 'Account Set Up'. At the bottom of the sidebar is a 'Logout' link. The main content area is titled 'Street' with a value of 'purok 7'. Below this is a section titled 'Uploaded Requirements' with two columns of buttons: 'View Business Permit', 'View BIR Registration', 'View BIR 0605', 'View DTI Certificate' on the left, and 'Download Business Permit', 'Download BIR Registration', 'Download BIR 0605', 'Download DTI Certificate' on the right. At the bottom is an 'Add Comment' section with a text input field and 'Approve' and 'Reject' buttons.

**NOTE:** Since sa previous comment mo, you only want a simple layout, dinagdag ko ang header na “Applicant’s Basic Information” tsaka yung banda sa ID Number, ginawa ko na ‘Applicant ID Number’, as well as yung Uploaded Requirements ginawa kong buttons, yung Add Comment section minimize ko yung container
